Massachusetts Business Roundtable Statement on President Trump's Immigration Executive Order

“Massachusetts Business Roundtable members cite the state’s workforce as its most important competitive advantage. This talent pipeline, combined with an ecosystem of diverse industries, diverse regions and diverse workplaces, contribute to making Massachusetts the most innovative state in the nation.

The Roundtable believes in diversity, equity and fairness in the workplace. At the core of that principle are immigrants, working in every industry sector and living in every region of the Commonwealth. We embrace and support immigrants from all faiths, who are making Massachusetts a better place to live and work.”

The Massachusetts Business Roundtable is a non-profit, non-partisan public policy organization comprised of CEOs and senior executives from major employers that collectively employ more than 250,000 people across the state. The Roundtable works with business leaders and public officials to make Massachusetts a more competitive place to do business in the global economy.
